Recruitment and Data Collection Pathway

Recruited into the project \((n=76)\)

Intervention Group (IG) \((n=48)\)  Comparator Group (CG) \((n=28)\)

10 weeks

T1 outcome measures completed \((n=37)\)  T1 outcome measures completed \((n=20)\)

N=16 go on to receive intervention within study period

T2 (3 month follow up) outcome measures completed \((n=43)\)

Exploration of longer term outcomes

T3 (6 month follow up) outcome measures completed \((n=34)\)

Pragmatic study of short term outcomes
